

WhiteWall Site Review – Cleaned Version

Home Page – NEW

I like the idea of the home page being **one single video silently on replay**, with the text:

WhiteWall Studios and Events

A button underneath that says “**Book Now.**”

Home Page – CURRENT

Mobile Layout

On mobile, add a **divider between the two location options** that says:
Choose Your Location

Inside the buttons over the photos (white filled button with black text), change the text to:

Powdersville Location

Taylors Mill Location

This makes:

The text easier to read

The buttons easier to tap

The divider clearly explains what the user is choosing.

From Our Studios Section

When scrolling down the home page, you reach the section titled **From Our Studios**.

Photo Gallery

I want this section to include:

All photos from the old website gallery (Taylors Mill)

All photos from the Google Drive for the Powdersville location

This gallery should be **full of photos** and they should appear **in completely random order**.

Location Labels

Every photo should include a **faint label in the top left corner** indicating the location:

Photos from Taylors Mill → **“Taylors Mill”**

Photos from Powdersville → **“Powdersville”**

Photo Behavior

Every photo should be **clickable/tappable**.

Clicking a **Taylors Mill photo** → sends the user to the **Taylors Mill page**

Clicking a **Powdersville photo** → sends the user to the **Powdersville page**

So the gallery becomes a **location-wide gallery**, but every photo routes users to the correct location page.

Gallery Tabs

When inside the gallery tabs:

All Tab

Show all photos (both locations)

Still include the faint location labels

All photos remain clickable

Powdersville Tab

Show only Powdersville photos

Taylors Mill Tab

Show only Taylors Mill photos

For both location tabs, **include literally every photo we have**.

Google Reviews Carousel

Under the gallery on the home page:

Add a **carousel of random Google reviews**.

Important details:

We have **two review sources**

Taylors Mill

Powdersville

Mix both together in the carousel

Only display 5-star reviews

Powdersville Location Page

Host Your Next Event Section

Replace “**Brand Activations**” with:

Workout Classes

Overall Tone Reminder

Remember our conversation about the **tone and positioning** of the Powdersville location.

We want Powdersville to clearly feel like the **no-brainer option**, without making Taylors Mill look bad.

Powdersville is **astronomically nicer and more convenient in every context**, and the page should subtly reflect that.

Powdersville – Booking Tab

Pricing

Put the **pricing directly on the bubbles** for the different time options.

Booking Steps

Move **Step 5 – Schedule** to **Step 2**.

Everything else shifts down.

Add-ons should remain **last**.

Time Options

Under **Choosing Time**:

Make **1 hour** say:

(**Not eligible for events**)

Booking Flow Logic

Booking Type Selection

The bubbles for:

Photo / Video Session

Event Booking

should **appear for every session**, including **1-hour bookings**.

If the user selects **Event Booking** after choosing **1 hour**, then:

Shake the screen

Display a popup message for 5 seconds:

“Event bookings are only for 2+ hour sessions. Select a longer duration of time.”

Event Eligibility

Events should be allowed for **2-hour sessions and longer**.

Add that clarification in the description at the top.

Participant Count Field

Change the label from:

Participant Count

to:

“Event? How many people will you have? If not an event, leave blank.”

Keep the **existing protocol for 50+ people**.

Also fix the bug where typing numbers stops after the first digit.

Example:

Typing **40** currently blocks the **0**.
Users have to tap the field again.

This happens for **both Event and Photo sessions**.

Intake Form Logic

Participant Threshold Rules

For **Total Number of Participants**:

If over 50 people

Trigger the existing popup warning.

If over 25 people

Require a text box entry asking them to explain the shoot.

Text should say something similar to:

Tell us more about your shoot. A cleaning fee may be added due to the high traffic count. If we need to discuss anything further we will reach out. If you don't hear from us, you're good.

Both of these conditions should **notify the owners** so we can review those bookings.

Email Importance Acknowledgment

We need to make it **extremely clear** that the booking confirmation email is critical.

I want the user to **type their name to acknowledge this**, similar to signing the waiver.

Text should say:

“An email will be automatically emailed to you immediately after you book this session. That email is very important and contains all the info needed for your booking, such as address, door codes, and important YouTube videos. If you don't receive that email within 2 minutes, please check your Spam/Junk folder. If it's not there, please send us an email asking for this info.

Please acknowledge you have fully read this statement by e-signing your first and last name here.”

Additional Form Changes

Make Instagram a required field

Terms and Conditions

Instead of a checkbox, require users to **type their name and sign again**.

Change to Clause #1

For both Taylors Mill and Powdersville, change point one to:

I acknowledge that I, the person booking this session, assume full liability for myself and for anyone who enters the studio space as my guest. I agree to sign the liability waiver and accept responsibility for any individuals I allow into the space during my session. By booking this session, I release WhiteWall Studios, LLC from any and all liability for injury, damage, loss, or other incidents that may occur during the session. I understand that I am fully responsible for my own actions and for the actions of any guests accompanying me.

Cleaning Fee Change

For both locations:

Change clause **#4 cleaning fee to \$200**.

Waiver

Replace the waiver with the **new copy included at the end of this document**.

This applies to **both Taylors Mill and Powdersville**.

Powdersville – Add-Ons

Backdrops

Same structure on **both locations**

Keep the main photo with **Max standing there**

For the **Add All Backdrops option**, use the photo showing **all backdrops from the Google Drive**

Lighting Rental

Add a carousel option **“Add to Booking”**

Use a **close-up photo**

Rolling Walls

Change the main thumbnail photo to a **different photo showing all rolling walls**.

Rename walls to:

Wall 1: Layered, Hallowed, Squared Arch

Wall 2: Small Shelves

Wall 3: Layered, Curved Arch

Wall 4: Picture Frame

Wall 5: Three Simple Walls – Increasing Plain Arch Pack

White Banquet Chairs

Keep the **large main photo**.

Add carousel options:

Option 1 – 25 Chairs

Option 2 – 50 Chairs

Option 3 – 75 Chairs

Option 4 – All 100 Chairs

Use multiple photos from the Google Drive, including:

Chairs stacked on the dolly

Individual chairs

This is mainly to **show more photos of the chairs**.

8ft Fold Out Tables

Rename:

8ft Folding Tables → 8ft Fold Out Tables

Add one carousel option:

“All 10 tables.”

Use a **plain table photo from Google Drive**.

Add to the description:

Tables are one solid structure with no crease in the middle. The legs simply fold out.

TV Rental

Add carousel option:

Add to Booking

Use a **wide photo**.

Add description:

4K smart TV with every HDMI connecting cable imaginable.

PA System

Add carousel option:

Add to Booking

Use the **photo with me holding the microphone**.

Description should say:

Large speaker with aux cable to connect to any phone, with wired microphone and stand.

Taylor's Mill Page

Tone Reminder

The page should maintain the same positioning strategy:

Powdersville should feel like the **clear upgrade**, without trashing Taylor's Mill.

Keep In Mind Section

Add a section titled:

Keep In Mind

Use bubble-style points similar to **Best For**.

Points should include:

- Studio is located within an **old mill**

- Parking lot is about a **2 minute walk**

- No ensuite bathroom**

Shared bathroom down the hall

No running water

No garage door / pull-up access

Located inside a **large shared building**

Glass front door

Not ideal for **private shoots**

1,000 sq ft vs 2,000 sq ft (Powdersville)

20 minutes from downtown Greenville vs 15 minutes

We may reduce these later, but for now I want **full transparency**.

Possible additions:

Toggle to **Powdersville location**

Note explaining **Powdersville solved these inconveniences**

Possibly a **side-by-side comparison chart**

Taylors Mill – Booking Tab

Timing

Move **Schedule to Section 2**

Add red bubble:

“This location is not approved for events.”

Change time slots:

Half Day → **4 hours**

Full Day → **12 hours**

Add pricing to each time option.

Details

Copy **Powdersville adjustments**.

Terms and Conditions

Copy Powdersville structure, but:

Remove **all event language**

Clearly state **events are not allowed at Taylors Mill**

Waiver

Use the same waiver but:

Remove **any event language**

Clearly state **events are not allowed at this location**

Add-Ons

Backdrops → Same as Powdersville.

Lighting Rental:

Copy Powdersville layout

Use lighting photos from **Gear Rentals page on the current site**.
