Site Revisions 3

For all photo changes, I made a new folder where all the new photos I am asking you to revise with are located. Here is the link. All photos revise in this doc can be found in this folder.

https://drive.google.com/drive/folders/1tspZR0HfUznnIWBEICt8td6hA2pEf2LI?usp=share_link

- Site Wide – its change the font to this family if possible: Neue Haas Grotesk
- Link for reference: https://commercialtype.com/catalog/neue_haas_grotesk
- Home page:
 - Text right now says WhiteWall Studios (and then lower in smaller text) and Events.
 - Id like it to say: WhiteWall (and then lower in smaller text, but same color) Studios & Events. (Use the & symbol)
 - Thumbnails
 - For Powdersville, delete the title of Powdersville. Put the button that says Powdersville Location where the title was. Put a small shadow in there to make it easier to read. The button is the title. The subtext goes below it. change the subtext to say, “Bigger, better, nicer, closer, private, and brand new. Ready for your photo shoot, or your event.”
 - For mobile, leave button where it is, and put text below it. Button position is good.
 - For Taylors Mill, delete the title of Taylors Mill. Put the button that says Taylors Mill Location where the title was. Put a small shadow in there to make it easier to read. The button is the title. The subtext goes below it. change subtext to say, “Original studio.”
 - For mobile, leave button where it is, and put text below it. Button position is good.
 - Text change:

- Currently says: Two unique spaces designed for creators, photographers, and event hosts. Whether you need the intimate charm of a historic mill or the expansive freedom of our flagship location, WhiteWall has a space for your vision.
- Change it to say: Two unique spaces designed for creators, photographers, and event hosts. Our flagship Powdersville location delivers a bigger, nicer, purpose-built studio with more amenities, including a private en-suite bathroom, a large garage door, and a much more flexible layout. Located closer to downtown, it's designed for creators looking for the full WhiteWall experience, with a comfortable and luxurious atmosphere that's perfect for any shoot or production, while also being a great space for events. The Taylors Mill studio offers a smaller historic mill setting suited for simple shoots that don't require the same level of space or convenience.
- Note to Claude – keep this tone and vibe the same all across the entire site. Revise as you see necessary. We really don't want anyone to book Taylor mill, but we also don't want it to be absolutely terrible, because its our back studio if we're booked up at Powdersville. Skim the site and fix the tone anywhere you see fit.

- Powdersville Location Highlight Left-Card on home page. Change text to:
Our **flagship WhiteWall studio**, purpose-built to be the easiest and most fully equipped studio experience in the Greenville area. Over **2,000 sq ft of fully private space** with a **12-ft garage door, on-site parking, remote blackout shades, and a private en-suite bathroom.**

This location features the **best natural light** out of any studio in the entire state of South Carolina.

The studio features **7 movable accent walls with different textures, paper backdrops, a large makeup & hair area**, and a much larger collection of **furniture, props, and set-building cubes**. And that's not to mention our **premium lighting kits, TV displays, PA system, banquet chairs, and 8ft tables, all available for your booking.**

Pull right up, load in, and start creating — **no shared spaces, no hallways, no hauling gear across a complex.**

Best for: events, any intentional photo shoot, video productions, workshops, corporate events, classes, parties, or truly anyone who wants convenience, and the full WhiteWall experience.

- Taylors Mill Location Highlight Right-Card on home page. Change text to

The original WhiteWall studio located inside the historic Taylors Mill complex. This **1,000 sq ft space** offers classic mill character and natural light, making it a great option for **simple sessions that don't need convenience**.

Because the studio is located within the mill building, guests should expect a **short walk from the main parking lot through the complex**, and **restroom facilities are shared down the hall**.

Lighting rentals, paper backdrops, and a small selection of furniture are available.

Best for: photographers specifically looking for the raw, historic mill aesthetic.

-

- Okay now diving into the Powdersville Page specifically.
- Keep header photos.
- The Studio You've Been Looking For
 - Change thumbnail photo to file name: WW Powdersville_V3-8
 - Change text in paragraph to be:
 - The Powdersville location is our **flagship WhiteWall studio**, purpose-built to deliver the easiest and most fully equipped studio experience in the Greenville area. With **2,000+ square feet of fully private space**, this location was designed, and custom built from the ground up, for photographers, creators, and event hosts who want room to work, total privacy, and a clean, modern environment that simply works.
 - Pull directly up to the **12-ft garage door**, unload gear in seconds, and walk straight into the studio. No shared hallways, no stairs, no old bathroom shared by everyone, no hauling equipment across a complex — the entire space is yours from the moment you arrive.
 - Inside, you'll find a studio built to support real productions with real clients. The space includes **seven movable accent walls with different textures, paper backdrops, large white set-building cubes**, and a much larger collection of **furniture and props** to give creators flexibility in how they build their scenes.
 - Our Powdersville location also features a dedicated hair and makeup area, remote blackout shades for full lighting control, diffusion for the windows to soften the sun itself, on-site parking directly outside the studio, and a private en-suite bathroom inside the space.
 - For larger shoots and events, **premium lighting rentals, TV display rentals**, and a **PA system** are also available.
 - Located closer to downtown, our Powdersville location was designed for creators who want the **full WhiteWall experience** — a studio that feels professional, comfortable, and incredibly easy to work in whether you're shooting photos and video, or hosting a workshop or bridal shower.
 -
- Whats Included: these are all the ones I want on there. Make a little block for each of these. Theyre in order of how I want them displayed.

1. 2,000+ SQ FT

The largest self-service studio in the area. Room for large productions, multiple setups, or intimate events.

2. PRIVATE STUDIO EXPERIENCE

The entire studio is yours during your booking. No shared spaces, no other tenants, no interruptions.

3. EVENT APPROVED

Approved for small events and gatherings. Perfect for launch parties, workshops, receptions, and classes.

4. 12FT GARAGE DOOR

Pull right up and unload gear in seconds. Perfect for equipment-heavy shoots and event setups.

5. ON-SITE PARKING

Dedicated parking directly outside the studio. No walking through complexes or hauling gear across lots.

6. PRIVATE BATHROOM

Your own private en-suite bathroom inside the studio. No shared hallways or walking down the hall.

7. HIGH CEILINGS + OPEN LAYOUT

Large open layout with high ceilings gives creators space for bigger lighting setups and productions.

8. MOVABLE ACCENT WALLS

Seven rolling accent walls with different textures allow you to easily change the look of your set.

9. BLACKOUT SHADES

Remote-controlled blackout shades give you full lighting control, from natural light to total darkness.

10. Hair + MAKEUP AREA

Dedicated makeup and hair station with mirrors and space for stylists to prep talent comfortably.

11. FURNITURE + PROPS

A growing collection of furniture and props gives creators more options for styling and set design.

12. PRO GEAR RENTAL

660W RGB Amaran fixture, large 5ft softbox, 360W RGB fixture, and more.

13. PAPER BACKDROPS

Professional seamless paper backdrops available for clean portrait and product photography setups.

14. SET BUILDING CUBES

Large white studio cubes perfect for sitting poses, product photography, or custom set building.

15. EASY LOAD-IN

Drive directly to the garage door and move equipment inside quickly and easily.

16. TV DISPLAY RENTAL

Large 4k smart TV on wheels available for presentations, branding shoots, events, and video playback.

17. PA SYSTEM RENTAL

PA system available for workshops, fitness classes, presentations, and small events.

18. TABLE RENTALS

Additional tables available for workshops, productions, and events.

19. CHAIR RENTALS

Up-to 100 white banquet chairs available to accommodate classes, productions, and gatherings.

- Host Your Next Event:

- Make the subtext say:

Our Powdersville location is designed to be a flexible, open-concept space that can easily adapt to whatever type of gathering you have in mind. From birthday parties, bridal showers and workshops, to fitness classes, pop-ups, and small weddings, the layout allows you to shape the space exactly how you want it.

The studio can be used as-is with the existing furniture and props, or you can clear the space entirely. Anything in the studio can simply be moved into the storage building located directly in front of the garage door, giving you the option of a completely empty event space if needed.

The **12ft garage door** makes load-in simple for caterers, vendors, and event setup, and it can also be opened to create an indoor-outdoor feel using the concrete area just outside the studio. When you book the space for an event, the surrounding parking area and exterior space are also available for your use.

We also have **100 chairs and 10 eight-foot tables available to add to your booking**, making it easy to accommodate larger gatherings.

If you'd like to host an event with us, simply **complete the booking form and reserve the time slot that works best for you**. Be sure to include enough time in your reservation for both setup and teardown. Most events can be booked and confirmed entirely through the self-service process, and you're typically all set once your reservation is complete.

For gatherings **larger than 30 guests**, we may reach out to confirm a few details. The space can accommodate **up to 150 people depending on the setup**.

- Make the button say Book Your Event.
- Best For
 - Add these bubbles, in order.

Luxury Client-Facing Shoots

- Okay now We're n the Powdersville Booking Page.
 - STEP ONE: no revisions
 - STEP TWO: no revisions
 - STEP THREE: DETAILS
 - After clicking Event bubble.
 - After putting in 25-49 people
 - The text block pops up to tell us more about the shoot: rather than that happening, don't have anything additional pop up.
 - However, in the next text block that's already on the page regardless (for an event) if 25-49 people, make the text-box outline yellow, and make the new wording for that prompt:
 - **“Tell us about your event.** Please include as much detail as possible so we can understand what you're planning. Be sure your booking includes enough time for full setup and for returning the studio to its original, squeaky clean condition when your event is finished. Our calendar is often booked back-to-back, and it's common for a photo shoot to be scheduled immediately after your event, so please reserve your time accordingly. There is a chance after our team reviews your booking that we may have to add on a cleaning fee. We'll be in touch if so. If you don't hear from us, you're all good.”
 - If 50-150 people, make it say:
 - **Tell us about your event.** Please include as much detail as possible so we can understand what you're planning. Be sure your booking includes enough time for full setup and for returning the studio to its original, squeaky clean condition when your event is finished. Our calendar is often booked back-to-back, and it's common for a photo shoot to be scheduled immediately after your event, so please reserve your time accordingly. A team member will be in touch to confirm you are all set. If you don't hear from us, assume you are good to go. However, it is very likely we will have to add on a cleaning fee due to the amount of people at your event.
 - If over 150 people, make it so they cant book the event, and that if they have a specific request, to email us directly, but we traditionally do not allow more than 150 people.
 - STEP FOUR: WAIVER
 - Make the fee in section 6 of the waiver a minimum of \$250, but not limited to that.

-
- STEP FIVE: ADD ONS
 - Backdrops
 - Get rid of pink and red backdrops. Leave everything else the same.
 - Lighting rentals
 - Make the big photo the photo named: Whitewall Powdersville_V1-5
 - Make the smaller button photo the photo named: IMG_6346
 - Rolling Walls
 - Make wall one thumbnail photo: Whitewall Powdersville_V1-3 2
 - Make wall 5 thumbnail photo: Whitewall Powdersville_V1-13
 - White banquet chairs
 - Make them buttons with thumbnail photos just like the backdrop section.
 - For 25 chairs and 75 chairs, make the thumbnail photo:
a00a93aa-10bb-4850-9e5f-1cbaf7d9fca6
 - For 50 chairs and 100 chairs, make the thumbnail photo: 827f1586-24ad-47fb-b72a-b843c240651e
 - TV Rental
 - Make the big photo: Whitewall Powdersville_V2-38
 - PA system
 - Make the big photo: Whitewall Powdersville_V2-29
 - Make the thumbnail button photo: Whitewall Powdersville_V2-33

- Okay now back tracking. We're now diving into Taylors Mill page specifically. You got here from clicking the right card on the two locations on the homepage.
- The Studio That Started It All
 - Change the paragraph text to:

Our original WhiteWall location inside the historic Taylors Mill complex.

This **1,000 sq ft studio** has hosted more than **1,200 bookings** over the years and offers a classic mill aesthetic with original windows and historic character that many photographers appreciate.

Because the studio is located **inside the larger mill building**, guests should expect a **short walk from the main parking lot through the complex** to reach the space, and **restroom facilities are shared down the hallway**.

Taylors Mill works best for quick, simple sessions that don't require additional conveniences or a client-facing environment. If your shoot calls for a more polished, high-end experience, our Powdersville location was specifically designed to provide that elevated, luxury studio setting.

If you're looking for **more space, easier load-in, private amenities, and a purpose-built studio designed for larger productions or events**, you may want to consider our **Powdersville flagship location**, which offers over **2,000 sq ft of fully private studio space**, on-site parking at the door, and significantly more amenities.

-

- Under the Whats Included section, I want to make a Whats NOT Included section, where we literally mimic the exact same design, but we add these 6 square in a light red.

PRIVATE BATHROOM

Restroom facilities are located **down the hallway and shared within the mill building**.

ON-SITE PARKING

Parking is located in the **main mill parking lot**, followed by a short walk through the complex to reach the studio.

GARAGE DOOR ACCESS

This location does **not have direct vehicle access**, so equipment must be carried into the building.

LARGE OPEN SPACE

At **1,000 sq ft**, this studio is best suited for smaller portrait sessions rather than larger productions or events.

SOUND PROOFING

This location is **not designed for sound sensitive shoots, as there is a loud train that goes by often.**

PRIVATE STUDIO FACILITY

Because the studio is located inside the mill complex, **shared hallways and building traffic may be present, allowing people to see through the entry door as they walk by.**

-

- Best For

- Remove boudoir shoots.

-

- Okay now we're on the booking page specially for tailors mill.

STEP THREE: DETAILS

Total Number of Participants:

If the participant count is **over 25**, trigger a popup that includes:

- A checkbox for acknowledgment.
- A text box asking the guest to briefly describe their shoot and provide details.

The purpose of this is to flag sessions with heavier traffic, as a **cleaning fee may be required afterward**.

If the guest does **not hear from us**, they can assume their booking is approved as normal. However, a team member may reach out after the session to **add a cleaning fee if the space requires additional cleaning due to the number of participants**.

Popup Text:

“Our Taylor’s Mill location is significantly smaller than our Powdersville studio and is not well suited for larger shoots or high-traffic sessions. You may proceed with your booking as normal. However, if your session involves a larger group, a team member may contact you to add a cleaning fee after your session.”

-

- STEP FIVE: ADD-ONS

- Backdrops.
 - Remove pink and red.
- Lighting Rentals
 - Change big photo at top to photo: WhiteWall Studios Still V2_-47
 - Change thumbnail button photo to: WhiteWall Studios Still V2_-46
-
